GOLDEN DATE SYRUP

DESCRIPTION:

Golden Date Syrup is a natural product that is completely transparent and light yellow in appearance. It is extracted and concentrated during the clarification and extraction process, making it one of the most valuable date products. Golden Date Syrup is a suitable alternative to sugar, honey, maple syrup, or agave. for both household and industrial uses as it retains its beneficial compounds and properties when used in hot liquids. For example, it can be used to sweeten beverages, make pastries, cakes, ice cream, jams, and various syrups.

The properties of golden date syrup include being a completely natural product. Due to the presence of fructose sugar, it has a low glycemic index, making it highly suitable for dietary regimes

DATE SEED COFFEE

DESCRIPTION:

Date seed coffee by Mimhanafood is a caffeine-free beverage made from carefully selected date seeds.

The production process is meticulous and time-consuming, ensuring a high-quality final product. The date seeds are first sorted and cleaned to eliminate any impurities, then undergo multi-stage processing involving oil extraction, drying, grinding, and powdering to produce our date seed coffee with an exceptional texture.

ADVANTAGES:

- 100 % natural, free from any additives or preservatives.
- A rich aroma and exquisite taste, identical to traditional coffee.
- A very competitive price compared to regular coffee available in the market.
- Available in fine grinds and espresso grinds (for espresso machines)

PACKAGING:

Bulk: 10kg Carton
Retail: 450g, 1kg

DATE SEED COFFEE

BENEFITS:

1. Our date coffee is a healthy and nutritious drink that boasts significant levels of phosphorus, zinc, magnesium, iron, and potassium. Some people believe that date seed have even more impressive properties than the fruit itself.

2. Date coffee has a similar taste to other non-acidic coffees, providing energy and strength without the caffeine and gluten found in traditional coffee.

3. Our date coffee is rich in vitamins, minerals, antioxidants, and polyphenols.

4. Thanks to its antioxidant properties, date seed coffee is effective in strengthening the immune system and reducing energy levels, making it a natural energy booster without caffeine.

5. In addition to its other benefits, date seed coffee has been shown to help lower blood pressure, improve digestive health, and protect the body and kidneys.

6. Date coffee can also aid in weight loss, making it an excellent choice for those seeking a natural treatment for weight loss.

TEXTURE

DATE PASTE

DESCRIPTION:

Date paste is a semi-solid composition made from high-quality dates, specifically from varieties such as Sayer, Kabkab, Mazafati, Shahani, or other Iranian dates. It's a natural, 100 % free-from-pits and calyxes, non-GMO product with a soft, fully homogenized texture. The color of date paste can vary depending on its processing level, ranging from a light brown color for raw date paste to a dark brown color for treated date paste. The moisture content is adjustable between 14-22 % to meet customer demands and variety requirements.

USAGES:

- 1. Healthy Snacks:** Many manufacturers are using date paste to create delicious and nutritious snack bars, energy bars, and granola bars. It's a great binding agent and provides a natural sweetness that's perfect for healthy living.
- 2. Baked Goods and Treats:** Date paste is a staple in many bakeries, adding natural sweetness and moisture to breads, muffins, cakes, and cookies. It is also used to create delicious candies, chocolates, and other confectionery items.
- 3. Dairy Delights:** Date paste is a great addition to ice creams, frozen yogurts, and dairy-based desserts, adding sweetness and depth of flavor. It's a game-changer for anyone looking to create unique and delicious desserts.
- 4. Savory Creations:** In the savory category, date paste is used to create complex and flavorful sauces and dressings. It adds a natural sweetness and depth of flavor that's perfect for elevating any dish.

DATE DRINK

DESCRIPTION:

Our Date Drink is a naturally fermented carbonated beverage, free from added sugars and artificial colors. The carbonation is a result of natural microbial fermentation, providing health benefits.

To produce this healthy beverage, we source the highest quality dates. The probiotics formed during fermentation act as natural preservatives, ensuring the longevity of the drink without the need for added sugars or artificial preservatives. Therefore, our Date Drink is suitable for individuals of all ages and physical conditions. As dates are a natural sweetener, our drink is recommended for those following a diet or engaged in physical activities, as it provides a natural energy boost.

This non-alcoholic carbonated beverage is a great choice for a boost of energy, antioxidants, and fiber. It's packed with natural sugars like glucose, sucrose, fructose, along with essential minerals such as riboflavin, niacin, calcium, magnesium, phosphorus, iron, copper, potassium, and vitamins A, B1, B2, B3, B5, B6, C, D, K.

PACKAGING:
200ml bottle + 20
per carton
